2.1 Introduction

Within the University, the Dean of Student Affairs, Admissions and Registration reports formally to the President of the University. The University operates a centralized admissions structure with initial decisions on applications made by the Dean of Student Affairs, Admissions and Registration. All decisions are made in accordance with the University Regulations and the University Admissions Policy. The University Council determines the number of students to be admitted each year based on the recommendations presented to the Council of Deans by the respective university colleges.

The work of the Deanship of Student Affairs, Admissions and Registration in recruiting and admitting new students supports the goals and ambitions set out in its Mission Statement and Strategy. The University aims is to attract the most talented students, irrespective of background, and prepare them to be confident citizens and potential leaders in an increasingly globalized work environment, further, it aims to:

1. Attract applicants who enjoy the challenge of forward thinking, the excitement of research-led teaching, and the high standards of learning and teaching which we set ourselves.
2. Recruit students from a wide range of backgrounds who we believe have the potential and motivation to succeed on our challenging programs and who can make a valuable contribution to University life.
3. Foster a diverse learning community in which our students will meet people from different cultures, thereby enhancing their skills of critical reasoning, teamwork, and communication.

2.1.1 Admissions Criteria

1. The University's general entry requirements are published annually in the [Deanship of Student Affairs, Admissions and Registration website](#).
2. The University will publish annually the typical academic admissions criteria for all its programs of study. This information will be included in both its print and digital prospectuses and on all its social media accounts.
3. Typical academic admissions criteria are set by the relevant College and approved by the University Council. Reporting to the President, the Deanship of Student Affairs, Admissions and Registration will additionally consider the strategic and cross-college implications, which may arise as a result of a proposal to alter typical academic admissions criteria.
4. Colleges will periodically review these criteria in consultation with the Deanship of Student Affairs, Admissions and Registration. Such criteria will not normally be changed during an admissions cycle. The criteria published on the University web site will be the most up-to date and will always take precedent over that contained in hard copy publications, and/or third-party web sites.
5. Typical academic admissions criteria represent the usual level of academic attainment an applicant is expected to achieve prior to being admitted to that program. These criteria are not intended to provide a guarantee that all applicants who satisfy the criteria may be offered a place, nor that all applicants to be made an offer will receive an identical offer to one another.
6. The Deanship of Student Affairs, Admissions and Registration have the discretion to vary the weight they give to examination results and other indicators of achievement and potential (for example, extra-curricular activities, motivation for the subject, work, or voluntary experience) and, therefore, to vary the offer they make provided this remains consistent with the principles of fair access and with this policy
7. The University is committed to giving full and fair consideration to all relevant academic

qualification information presented by each applicant. Whilst the University expresses its typical academic admissions criteria in the terms of a range of the most presented qualifications, the University welcomes applications from candidates who have (or who will) achieve an equivalent standard in a range of other qualifications, including those offered internationally.

8. The University receives many more applications than it has places available and as such, the admissions process is competitive. Achievement (or predicted achievement) of relevant qualifications does not itself guarantee an offer of admission. The University may consider any, or all, the applicant's academic achievements, research proposal, references, performance at interview (or similar), and test results.
9. The criteria published on the above web page will be the most up-to-date and will always take precedent over that contained in hard copy publications, and/or third-party web sites.

2.2 English Language Proficiency

2.2.1 All programs at the University are delivered in the medium of English.

2.2.2 The University requires successful applicants to demonstrate that their ability to understand and to express themselves in English (including in reading, writing, speaking, and listening) is sufficient to enable them to achieve the full benefit from studying at the University.

2.2.3 The University will publish annually its minimum [English language proficiency criteria](#) for all of its programs of study along with a list of those tests of English which it recognizes as satisfying (when passed at the appropriate level) this requirement.

2.2.4 The published information identifies the minimum level of proficiency in English that successful applicants must demonstrate in advance of being admitted to the University.

2.2.5 The selection process is competitive and individual offers may be made which require an applicant to achieve a standard higher than the minimum.

2.2.6 The University's [Academic Success Centre](#) provides a range of English language tutoring services for students during their studies in the University.

2.3 Assessment and Selection

2.3.1 Admission to Alfaisal University is a competitive process with the University receiving many more applications than it has places available.

2.3.2 In the interests of fairness and transparency, all applications are assessed on their own merits, in competition with each other, and according to the relevant criteria for the program applied to, by designated staff of the University.

2.3.3 Wherever possible, the University aims to acknowledge receipt of applications within 24 hours.

2.3.4 The Deanship of Student Affairs, Admissions and Registration will consider all the information provided on the application form in order to assess the application against the relevant criteria. This assessment will normally include, but not be limited to, existing academic achievements and the context in which they have been achieved, any predicted academic achievements, English language proficiency, and academic/professional references.

2.3.5 The Deanship of Student Affairs, Admissions and Registration may choose to interview candidates, and may also set admissions tests in order further to assess their suitability for the program applied to.

2.3.6 The University permits colleges to recognize credit gained from other institutions and to exempt suitably qualified applicants from courses of study in their chosen program if it is deemed to be of equivalent standard according to [University's Transfer Policy](#).

2.3.7 The Deanship of Student Affairs, Admissions and Registration staff may, at their discretion and in accordance with the relevant criteria, make a candidate an offer for a different program to the one applied to. Such decisions may be made where it is determined that the applicant would be better suited to the alternative program, or where the applicant has already covered some of the content of the program originally applied to.

2.3.8 Where an applicant is made an offer by the University, the offer will set out clearly if it is

conditional upon the applicant achieving a stated academic or other standard, and/or on the provision of suitable references, and/or on evidence demonstrating the applicant has satisfied all non-academic conditions. In all cases, where evidence required by the University to inform its decision whether or not to admit an applicant is written in a language other than English, the applicant will be responsible for providing a notarized translation of the same into English and for arranging the submission of both the original and translated copies to the University.

2.3.9 Applicants made an offer will be informed as to how they should accept or decline the offer, and by when.

2.3.10 Applicants made a conditional offer may not enroll with the University, nor embark upon their program of study, with their program of study, until all conditions have been satisfied in full and the applicant is in receipt of an unconditional offer and not until the stated commencement date of the program of study.

2.4.2 Cases referred to The Deanship of Student Affairs, Admissions and Registration will be investigated.

2.4.3 If, during such an investigation, the University finds that an applicant has made fraudulent or misleading claims in their application, the University reserves the right to withdraw any offer it has made. Where an applicant has omitted to provide all relevant information on their application form (including, but

not limited to, qualifications commenced but not completed, qualifications resulting in a failure grade, exclusions) it similarly reserves the right to withdraw any offer it has made. If an offer is withdrawn for the reasons set out above, the University may also, where appropriate, inform any other relevant professional bodies and/or third parties about the withdrawal.

2.4.4 In cases where the fraudulent and/or misleading information is discovered at any time after the applicant has enrolled as a student at the University, the University reserves the right to carry out its own investigations. If, after the completion of the investigation, it is found that there has been a deliberate attempt to use fraudulent and/or misleading information, or relevant information was withheld, to obtain a place on one of the University's programs, the University may act to permanently exclude the student. If a student is permanently excluded for the reasons set out above, the University may also, where appropriate, inform any other relevant professional bodies and/or third parties about the exclusion.

2.5 General Right to Refuse Admission

The University reserves the right to reject an applicant or withdraw any offer made based on an applicant's behavior during any part of the application process if such behavior is deemed to be unacceptable in accordance with the University's policies and procedures or the University values.

2.6 Feedback, Complaints, and Appeals

2.6.1 Alfaisal University is committed to providing applicants with appropriate feedback within resource constraints upon request. There is a "scheduled early registration" period each semester during which current Alfaisal University students register for the next semester's courses. Each student is assigned a registration time within this period and may not register before this time. Registration times are assigned based on the credit hours earned (and, when applicable, special circumstances).

The Deanship of Student Affairs, Admissions, and Registration urges all students to consult an academic advisor before they register or make changes to their registration.

Students who wish to drop or withdraw from a course should carefully note the [drop and withdraw deadlines](#) since the University rigorously enforces these deadlines.

3.2 Cross-enrolling and Taking Cross-referenced Courses

Sometimes Alfaisal University students take courses that belong to colleges other than their original college, or they take "cross-referenced" courses (courses that are listed under more than one department). Because registration policies and other academic practices vary among the different colleges at Alfaisal, students who cross-enroll or take cross-

referenced courses need to be aware of which college—the one they are enrolled in, or the one that is listed as on Student Information System (SIS) as "Admin" of the course—governs that course's policies and procedures.

3.2.1 In general, for issues that involve transactions between the professor and the student in the context of the student's course participation (e.g., grading, academic misconduct, add/drop dates), the rules of the college offering the course will govern.

3.2.2 For issues that involve how a course applies (or doesn't apply) to a student's academic standing and degree requirements (e.g., whether a course counts toward graduation, regression and duplication issues, Retake Option, probation, and dismissal), the rules of the college in which the student is enrolled will govern.

3.3 Prerequisites and Corequisites

A prerequisite is a course or other educational requirement that must be completed prior to registering for another course or before proceeding to more advanced study. Prerequisites define the knowledge or skills for successful performance in a course and advise students of the minimum requirements in order to enroll. Colleges specify the minimum satisfactory grade or test score for completing the prerequisite.

Students may attempt a course without having a prerequisite only if the instructor has consented to give an override, he/she must fill out a prerequisite form through [e-form](#). If consent is not obtained, students who have not fulfilled a prerequisite will be disenrolled from the course.

A course that can only be taken at the same time as another course is considered a corequisite. Both prerequisites and corequisites display in the Academic Catalog.

3.3.1 Prerequisites/corequisites cannot be:

3.3.1.1 Added or changed without an approved proposal, subject to the Academic Development Committee (ADC) and the Deanship of Student Affairs, Admissions, and Registration.

3.3.1.2 Courses or test codes from other institutions

3.3.1.3 At a level more advanced than the course (e.g., a 100-level course cannot have a 300-level prerequisite)

3.3.1.4 At an undergraduate level for a graduate level course (e.g., a 500-level course cannot have a 400-level prerequisite)

3.4 Registration Restrictions

Some classes may be restricted by campus, degree, program, or class standing, or require departmental approval. These are considered registration restrictions, not prerequisites. Registration restrictions may apply to different sections while prerequisites apply to all sections of the same course. Registration restrictions are therefore indicated in the Schedule of Classes, not the Catalog.

3.5 Adding Courses

Students may add courses after the semester has begun, but only until the deadline for adding courses. Please see the University's [Academic Calendar](#) for the final day for undergraduates to add courses each semester. During the registration period, students must adhere to the following guidelines:

3.5.1 Student should register during registration period for each semester.

3.5.2 A student may add a course as long as it's not full and does not conflict with a class or examination in 5.3. his/her schedule and if he/she fulfilled its prerequisite/s.

3.5.3 Student should check the University Academic Calendar for add period.

3.5.4 Student can personally add classes online through [Netcalsroom](#).

3.5.5 Student must adhere to the maximum course load for his/her college.

3.6 Changing Section

Students can change course sections during the registration period, and they should choose a section that will not create a time conflict with his/her current schedule. Change of section only allowed during the Add period, and student can change the section through [Netcalsroom](#).

3.7 Full-Time/Half-Time Student Status

Full-Time and Half-Time Student Status for undergraduates are defined as:

Percentage of Time	Definitions
Full-time student	12 credit hours per semester during the academic year. 6 credit hours during Summer Session.
Half-time student	6 credit hours per semester during the academic year. 3 credit hours during Summer Session.

3.8 Maximum Course Load

The recommended schedule for students who wish to complete a degree varies each semester and it depends on student's college. However, some students may want or need to take coursework more than the recommended hours.

Maximum course loads vary by session and are as follows:

Semester	Credit Hours
Spring or Fall semester	The maximum permitted registration is 18 credit hours for the College of Business and 20 credit hours for the other colleges. Students wishing to register for more than 18 or 20 credit hours must have special permission.
Summer session	6-9 credit hours.

3.9 Placement for Arabic and Islamic Courses for Non-Native Speakers

Placement Criteria:

Non- native Arabic

3.9.1 Students whose native/first language is not Arabic; or

3.9.2 Students who have studied 3 years or less of regular academic Arabic.

Intermediate Arabic

3.9.3 Students who have studied 4 – 6 years of regular academic Arabic; or

3.9.4 Students who have not studied Arabic after the 6th grade.

Eligibility Criteria for Enrolment

3.9.5 ARB 101 (NN)

3.9.6 ARB 101 (Intermediate)

3.9.7 ISL 101 (non-native)

Policy

3.9.8 Students who are placed in ARB 101 (NN) can upon completion automatically join ARB 112 (NN).

3.9.9 Students who are placed in ARB 101 (intermediate) can join upon completion ARB 112 (intermediate).

3.9.10 Students admitted to either ARB 101 (NN) or ARB 101 (intermediate) can automatically join ISL 101 (non-native) and then complete ISL 112 (non-native).

3.9.11 Student can register for the course through The Deanship of Student Affairs, Admission, and Registration after the Department of Humanities and Social Sciences approval.

3.10 Late Registration

Late registration starts after the end of the actual registration. No late registration will be allowed

without proper justifications, any late registration must be reviewed by the Registration Committee. All late registrations are subject to late registration fees (500 SR).

3.11 Course Closings and Cancellations

The University reserves the right to cancel or close a class, change instructor or time and classroom assignments, and does not guarantee seats in any class.

3.12 Student Responsibilities

Students are responsible for the accuracy and validity of all transactions through Netclassroom. In addition, students are responsible for selecting courses approved by their advisor and appropriate to their major or program of study. Unauthorized or improper use of Netclassroom, E-form or electronic services is prohibited. All individual transactions can be traced to the user.

3.13 Academic Calendar

Students are responsible for checking the [Academic Calendar](#) for important dates and deadlines, such as the last day to add courses, drop courses with no grade, or withdraw from courses with "W" grades.

3.14 Definitions of Undergraduate Student Class Standing

For undergraduate day students, freshman, sophomore, junior, and senior class standing are systematically calculated by earned semester credit hours (CR) and cannot be adjusted:

- **Freshman:** fewer than 30 CR
- **Sophomore:** at least 31 CR but fewer than 60 CR
- **Junior:** at least 60 CR but fewer than 90 CR
- **Senior:** at least 90 CR

3.15 Course Drop and Withdrawal

Students can drop from a course until the last day of the 4th week of a standard term. Withdrawal from a course will be allowed after the end of the 4th week until the end of the 9th week and will be shown as a W on the transcript. After that point withdrawals will not be allowed and students will be graded according to their performance in the course. For the summer semester, students should follow the published Academic Calendar.

3.16 Definitions

16.1 Course Drop: is the removal of a class from a student's transcript to show no record of enrollment. Course drop deadlines are established each term in accordance with [Alfaisal Academic Calendar](#).

16.2 Course withdrawal: is the removal of a class they do not intend to complete. Withdrawn courses remain on a student's transcript with a grade of W but will not affect the student GPA. However, they will be included in the tuition fees. To request a course withdrawal, student must submit an [E-form](#) named Course Withdrawal. Course withdrawal deadlines are established each term in accordance with [Alfaisal Academic Calendar](#). It follows the course drop period. Alfaisal University Preparatory Program (AUPP) students are not allowed to drop or withdraw from a course.

16.3 Late-term Withdrawal Due to Extenuating Circumstance

When a student requests withdrawal from the classes after the end of the withdrawal period according to the University Academic Calendar, the student must provide documentation establishing an "extenuating circumstance" that prevents the student from fulfilling their academic responsibilities. An extenuating circumstance is a situation that is beyond the control of the student. It may have developed after the end of the withdrawal period, or it may have become more serious since the end of the withdrawal period. Poor academic performance alone is not an extenuating circumstance. To request a late-term withdrawal the following steps are required:

16.3.1 Contact/meet with the primary academic advisor to discuss withdrawal, as well as other possible options.

16.3.2 Complete the Course **Withdraw form**

16.3.3 Write a petition explaining the extenuating circumstance and asking permission to withdraw. Appropriate documentation of the extenuating circumstance must be provided in addition to the student's statement.

16.3.4 Submit the petition, documentation, and the completed **Request for Withdrawal Form**.

16.3.5 Requests must be submitted prior to the beginning of the final exam period each term.

16.3.6 No request will be approved during the Examination Period

16.3.7 For the Colleges that use the block system, all block grades in which the student sat for exam must be recorded.

16.3.8 The College and the Deanship of Student Affairs, Admissions, and Registration will determine whether to approve or deny the request for late term withdrawal.

16.3.9 Undergraduate students on academic probation who are granted late withdrawal will be subject to academic dismissal at the end of the term, if their CGPA remain below the University required CGPA.

3.17 Financial Implications of a Course Drop or Withdrawal

3.17.1 A student who drops a course/s will not be charged for dropped course/s.

3.17.2 A student who withdraws from a course is obligated to pay the cost of the class/s that they withdraw from.

3.17.3 Withdrawal or a drop of a course may affect a student's scholarship status and inquiries should be directed to the Financial Aid Office at the Deanship of Student Affairs, Admissions, and Registration.

3.18 Independent and Directed Study (IDS)

Independent and Directed Studies allow students to initiate, develop and complete courses under the supervision of a faculty member.

- **Independent Study** is intended to be an extension of a traditional course. It provides the student with an opportunity to pursue/research a subject in more depth and in a more independent manner than would be possible in a traditional course. Independent study requires an outline form, developed through consultation between the student and the instructor/sponsor, which serves as the official course description.
- **Directed Study** is designed to be a substitute for a traditional course that is not offered in the semester for which the student wishes to enroll. The material covered in such courses is essentially the same as that covered in the traditional course.

The purpose of the IDS program is to allow students to:

- Pursue learning outcomes that extend beyond those normally taught in the classroom.
- Pursue studies independent of the classroom schedule.
- Have prior learning recognized for a course they may not have completed.
- A primary goal is to encourage independent study under the supervision of faculty members. In addition to research projects, internships and practicums, the different programs use individual study, case studies and directed readings as the basis for various independent study offerings.

The student and the supervising faculty member develop the content and format of the Directed Study course. The program of reading, assignments and method of evaluation will be dependent on the subject under study. Supervision is also on an individual basis, and while there may not be regularly scheduled class sessions, the student is expected to schedule and maintain regular meetings with the IDS faculty member.

Policy

- An IDS course must be undertaken with a view to specified learning outcomes.
- The course may be taken for variable credit and not more than twice and for no more than 6 credit hours. One, two or three credits of selected studies may be earned for each IDS course reported. IDS courses should not be taken to replace required courses.
- The following requirements govern enrolment for credit in independent study:
 - The consent of the instructor and college dean must be obtained before enrolment.
 - The content of the study should differ from the content of the regular course offerings.
 - The contact hours between student and faculty member must be sufficient to ensure consistency with credit earned in regular course offerings.
 - Students must have at least junior standing (i.e., 3rd year), including transfer students, who have earned at least a 2.75 cumulative GPA at Alfaisal University and who give sufficient evidence of initiative, originality, and intellectual maturity to warrant the expectation of distinction in the program. Students may do Independent Directed Studies in any discipline in which they obtain the required permission.

Procedure

- Students wishing to take an independent directed study must complete the Directed Studies Application Form and have it approved by the faculty member most familiar with the topic of study and obtain further approval from the dean of the college in which the student is enrolled.
- The dean of the college may form a committee to recommend the approval at the college level.
- The faculty will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.
- All needed materials will be presented in a syllabus attached to the application form.

3.19 Incomplete Course Policy

Students are expected to complete all course work by the end of a semester. When this is not possible because of illness or other circumstances, an incomplete grade may be considered. The University distinguishes between two types of extensions: personal and academic. Only in the most unusual personal circumstances can be granted.

3.20 Personal Extensions

Personal extensions are appropriate for students coping with end-of-semester illness or other personal circumstances beyond their control.

3.20.1 Policy

1. In certain cases, the student may not wish this documentation to be placed in his or her student file. In this case, the student should confer confidentially with the relevant faculty member, and with the agreement of the dean of the college, such material can be excluded from the student's file.
2. The due date for completed work will be set at the time the extension is granted. For the fall and spring semesters it is expected that all written work and projects will be completed no later than four weeks from the last day of exams. Earlier deadlines may be set by the instructor. The Dean of the College and the student will agree on the specified deadline.
3. An incomplete (I) grade will be given to the student if the instructor is unable to submit the final grade must be assigned before the final grade submission deadline.

3.20.2 Procedure

1. Documentation from a doctor, hospital or other appropriate institution is required in order to consider an extension. All documentation will be placed in the student's permanent academic record and must be submitted to the college for approval. This verification is required to document circumstances that have had an impact on a student's ability to finish course work or finals.

2. Students must submit all requests before the last day of classes.
3. All incomplete grades must be cleared before the end of the following semester through Grade Change [e-form](#), otherwise they will be converted to F.

3.21 Repeating a Course Policy

A student may repeat a course to replace a failing grade, or to seek to improve the student's record when the student's first enrollment resulted in a passing grade below B.

A student may twice self-enroll into a course for which a grade other than 'W' (withdrawal) has been earned. Any further repeat enrollment in that course, i.e., a third or subsequent enrollment, requires the approval of the academic unit offering the course. The academic unit offering the course may require the student to consult with an academic advisor.

These conditions apply:

1. When a course is repeated, the grade and credits of the first enrollment will be marked as R and will no longer count towards general degree requirements and are excluded from the student's grade point average (GPA), even if the repetition grade is lower than the initial grade, but not if the grade for the repetition enrollment is 'I', or 'W'.
2. When a course repetition (second attempt) results in a passing grade, i.e., a grade of 'D' or higher, the grade and credits of this repetition count towards general degree requirements and are included in the student's credits attempted, credits completed, and GPA
3. Whenever a course repetition results in a passing grade, the course may not again be repeated.
4. Whenever a course repetition (second attempt) results in a grade of 'F', the course may be repeated, subject to the permission of the department and advisement requirement specified in this policy. The credits and grade for each failed course repetition are included in the student's credits attempted and GPA.
5. When a course is repeated more than once and the last repetition results in a passing grade, the

grade, and credits for this last repetition count towards general degree requirements and are included in the student's credits attempted, credits completed, and GPA, all previous attempts will be marked as R and will not be counted toward student's GPA.

6. All courses taken and all grades earned are included in the student's Alfaisal University transcript. Repeated courses appear on the Alfaisal University transcript with a note indicating they have been repeated (R).

3.22 Limit to the Number of Credit Hours that a Student May Repeat

Student may repeat any course in which he/she obtained a grade below B grade up to a total of 18 credit hours for the College of Medicine and College of Pharmacy and 12 credit hours for other colleges.

3.23 Course Repetition in Other Universities

1. Repeat Policy applies only for courses taken at Alfaisal University
2. Failed courses in Alfaisal University may not be repeated in other universities
3. Passed courses in Alfaisal University may not be taken in other universities for grade improvements.

3.24 Course Substitution

A student qualifies for graduation when he/she has fulfilled all the requirements for the degree program in which he/she enrolled when admitted to the University. If he/she is unable to complete the requirements of any program (due to termination of a course, the changing of its content, or when accrediting new programs that comprise courses the student has not studied), he/she can substitute or compensate for these courses with other equivalent courses, in terms of level, content, and credit hours. The Admission and Registration Deanship must be informed of the substitution or compensation after the

student has obtained the approval of the Admission and Registration Deanship for graduation requirements.

3.25 Undergraduate Students Taking Graduate Courses

An undergraduate student who is pursuing a baccalaureate degree at Alfaisal University may be granted permission to take one or more (maximum of nine credit-hours) graduate courses if the student meets all the following conditions:

1. The student must have completed at least 90 credit hours.
2. The student must have an overall grade point of 3.00 or better.
3. The student must have a 3.00 or better grade-point average in the major field.
4. The student must obtain permission from his/her adviser, college Dean, the instructor of the course, and Office of Research & Graduate Studies via signature on the *Undergraduate Request for Graduate Course form*.

An undergraduate student who is deficient in any of the above respects may not take a graduate course. Undergraduate students may not register for 600- to 800-level graduate courses.

Credit for these courses, up to a maximum of nine credits for courses where the grade received is B or above, may be applied at a later point to a graduate degree program provided that the credits were not used to satisfy baccalaureate degree requirements. Internal transfer of credits is subject to the Office of Research & Graduate Studies transfer credit regulations.

3.26 Credits Transfer Policy

The number of transfer credits a student receives depends primarily on the educational quality of the work and the comparability of the courses taken in content, scope, and level to those offered by the University. The transfer credits of a student from outside the University may be accepted under the following policy:

1. Student must submit official transcript to the Deanship of Student Affairs, Admissions and Registration.
2. The Department Head, and/or college dean determine if and how credit transfer may be used to satisfy baccalaureate requirements.
3. All courses that are approved and evaluated by the concerned college will be added to transfer database.
4. New students should fill the transfer credit form and submit it with the admission form.
5. A maximum of Credit Hours must not exceed 48 credit hours may be applied toward the baccalaureate degree.
6. Credits Transfers must be approved initially by the prospective college in Alfaisal University, to which the student is joining. The process of credit transfer will begin after the acceptance to the College and filling the assigned [e-form](#).
7. Undergraduate course work completed at regionally accredited degree-granting institutions that is comparable in character, content, and quality to courses offered by the University and in which a minimum grade of "C" has been earned (College of Medicine is exception as it accepts minimum B), will be considered for transfer credit.
8. The student's Cumulative Point Average at the University is calculated solely based on work taken at Alfaisal University.
9. Transfer credits are posted on the transcript and assigned the grade "CR"
10. The number of transfer credits a student receives depends primarily on the educational quality of the work and the comparability of the courses taken in content, scope, and level to those offered by the University.
11. Transfer course work is evaluated on an individual basis and assigned an equivalent University course number whenever possible. If no equivalent course can be designated, and the work is deemed to be comparable to University-level work, then general elective credits in the discipline may be awarded.
12. If a student fails to indicate on the admission application that s/he has completed course work at another college or university and later requests to have that work evaluated for transfer, credit for such work will be denied. Students can also be subject to dismissal for failure to disclose postsecondary institution enrollment.
13. The Registrar Office requests that departments review and/or re-evaluate courses offered by public and private institutions so that Transfer Courses Data base may be kept up to date with new offerings, content change, etc. Colleges might also request additional review of Transfer Courses Database in accordance with College regulations and standards. In this regard, the Registrar Office makes students aware of regulations through the university website.

3.27 Non-Transferable Credit

- Credit earned in colleges and universities that are not regionally accredited.
- Courses on a transcript where no credit or grade is given.
- Career, vocational, or technical courses.
- Distance learning courses.
- Pre-collegiate/remedial courses, e.g., reading improvement, English/Math skills courses, developmental courses, or courses classified by as below freshman level or not applicable to the degree, etc.
- Personal development/self-improvement courses, e.g., career counseling, interpersonal relationships, college success courses, etc.
- Courses not offered at the undergraduate level by the University.
- Credit given by another college for life/work experience.
- Co-op, internship, and practicum credit.
- Courses graded 'P.'

3.28 Transfer Credit Evaluation

Official transfer credit evaluations are prepared only for students who:

1. Have been admitted to a degree program and have paid the advance deposit fee.
2. Are continuing students taking schoolwork away while still enrolled at the University Continuing students are requested to receive prior approval for schoolwork to be taken elsewhere.

Procedure

1. Transfer credit is administered by the Registrar.
2. The Registrar Office works on a close and continual basis with one faculty member in each department, designated by the department head or dean of the College, who acts as liaison with the Registrar Office.

3.29 Declaration of Concentration, Track, Minor and Major

A student may declare from one major to another within a college, in accordance with the policy below:

1. A student must meet the college requirements for the requested concentration, track, minor and major.
2. A student first must apply to his/her collage of choice then he/she can change.
3. A student changing a major will start the new major with the beginning of next semester.
4. The changing must be approved by the college dean.
5. All courses that have been studied by a student who has transferred from one concentration, track, minor and major.
6. To another are recorded in his/her academic record, including the grades and CGPAs obtained throughout his/her study at the University.
7. Student must submit the Declaration of Concentration, Track, Minor and Major [e-form](#).
8. The form should be submitted during the 12th week of fall and spring semester.

3.30 Student Attendance Policy

Students expected to attend all classes. An excuse of absence is required for a student who does not attend in classes due to personal or family health reasons.

3.30.1 Policy

- Illness of a dependent family member.
- Participation in legal proceedings or administrative procedures that require a student's presence.

- Injury or Illness that is too severe or contagious for the student to attend class.
- Injury or illness of three or more days. For injury or illness that requires a student to be absent from classes for three or more business days, the student should obtain a medical confirmation note from his or her medical provider. The medical confirmation note must contain the date and time of the illness and medical professional's confirmation of needed absence and it must be from a certified hospital.
- If needed, the student must provide additional documentation substantiating the reason for the absence with the filled form of absence that is satisfactory to the instructor, within one week of the last date of the absence.
- Each faculty member will refer to the attendance policy, which will be stated in the course syllabus and shared at the first-class meeting. Certain courses may have more stringent attendance policies. Students should be aware of differences and plan accordingly.
- When the number of absences exceeds 15 % with no excuse of the scheduled classes, the faculty may issue a failing grade (DN), the student can use the retake available hours to replace the DN with R.

3.30.2 Procedure

1. The student is responsible for providing satisfactory evidence to the instructor concerning the reason for absence.
2. If the instructor does not accept the student's excuse the student can take the case to the Department Head.
3. Faculty member will keep a weekly record of attendance for each student.
4. When an absence is unavoidable, a student should contact the instructor or the Department Head. Documentation may be required. Students are liable for the work missed and must plan to complete the incomplete work. Instructors are not required to make exceptional arrangements for students who have missed a class.

3.31 Final Examination Policy

Instructors administering final examinations are required to use the date, time, and location, if applicable, as assigned by the Deanship of Student

Affairs, Admissions, and Registration. While examination periods are scheduled for a specific duration, the Deanship of Student Affairs, Admissions, and Registration does **not** require instructors to use the full specified period. Students should be notified well in advance of the exam if the exam period will be shortened. Students should be prepared to be on campus until the last exam period of final exam week. Students and instructors must adhere to the following guidelines during the examination period:

1. No student is to be given more than two examinations on one day. The University Council may make exceptions for this rule, as it sees fit.
2. No student is permitted to enter the examination venue more than 5 minutes after the examination has begun. No student is permitted to leave the examination venue before the first 30 minutes of the examination has elapsed. No student is allowed to enter any exams without a valid student ID.
3. Cheating in examination or attempting to cheat, or violating instructions, and examination regulations shall render the student to punishment in accordance with the Student Disciplinary By-Laws as issued by the University Council.
4. Based on the recommendation of the relevant department council, the College Council determines the duration of the final written examinations, which should not be less than one hour and not more than three hours.
5. Academic evaluations of students' performances will be conducted in a manner which assures fairness. Students who disagree with a grade given for a test, formal paper, or final grade who believe a grade to be deficient or unfair should initially pursue an appeal with the instructor according to Alfaisal Grade Appeal and Change Policy.

3.32 Examination Special Accommodation Policy

Overview

It is the policy of Alfaisal University to administer examinations in a manner that does not discriminate against an otherwise qualified student. Alfaisal University offers reasonable and appropriate

accommodations for the testing and examinations for those persons with documented disabilities, as required. Students requesting any accommodation must submit such requests with their admission application or when the diagnosis are made, if the diagnosis are made after been admitted to the University to provide adequate time to the University to resolve any documentation or examination logistical issues that may arise. Alfaisal University will review each request on an individual basis and make decisions relative to appropriate accommodations based on the following general guidelines:

1. To be considered for an accommodation under Alfaisal **University Examination Special Accommodation Policy**, student must present adequate documentation demonstrating that his/her condition substantially limits his/her ability to take exams on the regular university set up.
2. Requested accommodations must be reasonable and appropriate for the documented disability or special circumstances and must not fundamentally alter the examination's ability to assess the essential knowledge and competency, which the test is designed to measure. A typical accommodation is to allow extended time on exams or take the exam individually, and/or an environment in which distractions are minimized to complete the examination.
3. Professionals conducting assessments, rendering diagnoses of specific disabilities or special circumstances and/or making recommendations for appropriate accommodations must be appropriately qualified and licensed to make such assessments (Alfaisal University reserves the rights to refer student to specific doctors or specialists for further evaluation or second opinion).
4. All documentation submitted in support of a requested accommodation will be kept in confidence and will be disclosed to Deanship of Student Affairs, Admissions, and Registration staff only to the extent necessary to evaluate the accommodation. No information concerning an accommodation request will be released to third parties without written permission from the student.

3.33 Deanship of Student Affairs, Admissions, & Registration Responsibilities

1. Identify the specific testing accommodations the student is eligible to use.
2. Provide appropriate test in alternate format or testing space, when not available in the academic department.
3. Consult and/or problem solve with the instructor and/or student when appropriate.

3.34 Student Registration Responsibilities

1. The student must submit the report to the Counselling Unit one month before the exam.
2. Request special accommodation for the exam in timely manner.
3. Follow the *University Examination Special Accommodation Policy*.
4. Plan with the instructor for special accommodation for the exams after obtaining the approval of the Deanship of Student Affairs, Admissions, & Registration.
5. Notify the instructor and/or Deanship of Student Affairs, Admissions, & Registration of any changes in the arrangements.
6. Discuss any concerns with the instructor and/or Deanship of Student Affairs, Admissions, & Registration, so appropriate steps can be taken to correct the situation.
7. Adhere to the *University Rules and Regulations of Undergraduate Study and Examinations*.

3.35 Faculty Responsibilities

1. Provide the testing accommodations recommended by the Deanship of Student Affairs, Admissions, & Registration or negotiate a reasonable alternative with the student.
2. For example, work with the student to find a mutually agreed upon testing time, suitable testing room.
3. Plan to deliver and pick up the test, when DSS is providing the testing space.
4. Consult with Deanship of Student Affairs, Admissions, & Registration when appropriate.

Students are responsible for following the Deanship of Student Affairs, Admissions, & Registration *Examination Special Accommodation Policy* and taking appropriate steps to correct any problems.

This accommodation may be suspended if a student does not follow the *University Examination Special Accommodation Policy* or violated the *University Rules and Regulations of Undergraduate Study and Examinations*.

3.36 Grades Policy

Alfaisal University uses the 4.0 grade point average system. The following grades are approved for use in Alfaisal University and are included in the determination of the grade point average:

Grade Code	Grade Points	Percentile Range	Grade Points
A	4.0	95%-100%	Excellent
A-	3.67	90%-94%	
B+	3.33	86%-89%	Very Good
B	3.00	83%-85%	Good
B-	2.67	80%-82%	
C+	2.33	76%-79%	Fair

C-	1.67	70%-72%	
D+	1.33	66%-69%	Fail
D	1.0	60%-65%	
F	0.0	0%-59%	

The transcripts of graduating students show honors categories based on the following scale:

1. First Honor 3.75 through 4.0 GPA
2. Second Honor 3.5 through 3.74 GPA

These honors categories are based on a student's cumulative average at the end the graduation semester.

3.37 Examinations and Grades

Students are expected to meet examination schedules as determined by the Deanship of Student Affairs, Admissions, and Registration. Retaking final exams is

not permitted. For students who missed a final exam, however, the University recognizes that unforeseen circumstances do occur and have instituted the following policies for final exam make-ups, as well as for examinations scheduled during the semester.

3.38 Make-Up Exams

3.38.1 Make-up Final Examinations

Alfaisal University policies do not allow students who miss their final exam to request an alternate arrangement to make-up the exam except for one of the following reasons only – medical illness, or compassionate grounds. Alternate arrangements must be made prior to the scheduled examination date and time. Unless it is an extended illness, the missed final exam must be completed as soon as possible after the scheduled exam date. The following guidelines are to be followed:

1. The student makes the request in writing and in a timely manner before the scheduled exam, to request an opportunity to complete a makeup exam.
2. The student provides the Instructor with the required originally signed documentation • regarding the reason he is not able to complete the test on the originally scheduled exam date. Without this documentation, the student will not be granted an accommodation to complete a makeup exam and will be assigned a zero grade for the exam. No incomplete (I) grade can be assigned in this situation.
3. The makeup exam does not have to be identical to the original final exam, but it must cover the same material.
4. All communications with the student must be via e-mail, with the University Registrar copied on each exchange.

3.38.2 Make-up Examinations (Other than Finals)

Alfaisal University requires that students be permitted to make up examinations missed because of illness, other unavoidable circumstances, or University activities. Therefore, instructors must offer reasonable options without penalty to students who have missed examinations for legitimate reasons.

It is the student's responsibility to contact the instructor as soon as possible before the exams about the reasons for a missed exam and, if the Instructor so wishes, to provide appropriate documentation.

Makeup examinations will be scheduled at a reasonable time and location. The makeup examination, if different, will be equivalent to the original in form, content, difficulty, and time limits, and the standards for scoring and grading will be equivalent to those used for the original examination.

3.39 Grade Re-evaluation Based on Exceptions to University Policy

In those cases, in which the grade received by the student is the result of the University policy (e.g., an "F" resulting from failure to remove an Incomplete grade in the time allowed or failure to officially withdraw from a course) rather than a faculty member's evaluation of performance in a course, the student's written appeal must be directed to the Office of the registrar. Such appeals will be considered by registration Committee. This process cannot be used for students appealing a failing grade (F) assigned due to academic dishonesty.

3.40 Grade Appeal and Change Policy

3.40.1 Grade Appeal

Students are responsible for fulfilling the academic requirements for a course, as established by the instructor in the course syllabus. The instructor is responsible for evaluation of student performance and for determining a student's course grade. The following procedures are designed to provide a means for students to seek review of final course grades alleged to be arbitrary and capricious, or based on clerical error. In a grade appeal, only arbitrariness, prejudice, and/or error will be considered as legitimate grounds for an appeal.

Arbitrariness: The grade awarded represents such a substantial departure from accepted academic norms as to demonstrate that the instructor did not actually exercise professional judgment.

Prejudice: The grade awarded was motivated by ill will and is not indicative of the student's academic performance.

Error: The instructor made a mistake in fact.

3.40.1.1 Definitions

Arbitrary and capricious grading means the assignment of a course grade that:

1. Was not based on that student's performance in the course, or
2. Was based on standards different from those which were applied to other students in that course, or
3. Was made after a substantial, unreasonable, and unannounced departure from the instructor's previously articulated standards outlined in the course syllabus.

A clerical error is an error in the calculation of grades or an inaccurate recording of the final grade.

3.40.2 Grade Appeal Procedure

The burden of proof in challenging a grade rest on the student. The initial step of the student grade appeal procedure is for the student to seek resolution or redress through discussions with the course instructor within two weeks after the start of the following semester. Due to typical academic calendars and faculty workload expectations, the appeal process will be conducted only during the fall and spring academic semesters. In rare circumstances, and with the permission of the Dean (or designee) of the academic unit where the appeal resides, a grade appeal may be initiated in a summer term.

If the faculty member determines that the grade was based on clerical error, a grade change report will be issued by the faculty member to the Office of the Registrar. The changed grade can be verified on *Netclassroom* as soon as it is made available.

If the student feels that a satisfactory solution or relief has not been obtained the student should discuss the grade appeal with the college dean. The college dean

will investigate the allegation by speaking to the student and the involved faculty member. If the college dean finds in favor of the faculty member, the grade is upheld, and the process ends. If the College Dean finds that the instructor may have graded in an arbitrary or capricious manner, the case will be referred to an Ad Hoc Grade Appeal Committee within the college.

This committee is comprised of three ranked faculty members selected by the appropriate college dean. Whenever possible, at least one individual will be selected with teaching experience or professional expertise in the subject or discipline which is the source of the appeal; the other two committee members may be selected from other areas within the University.

Upon convening, the committee selects a chair from the group and will review the facts of the case, interview the involved faculty, student, and dean, and gather pertinent data. The committee will communicate their decision to the student, the faculty member, and the college dean.

The decision of the Ad Hoc Grade Appeal Committee is final and submitted to Student Affairs Dean and Vice Dean within 5 working days of the final decision.

3.40.3 Grade Change

Student evaluations and assignments of final course grades are the responsibility of the faculty. The faculty member is accountable for any grades assigned to students; therefore, each faculty member shall maintain records to support student evaluations and grades. Students who have reasons which can be substantiated to request grade changes must:

1. Write a formal letter to the Instructor (or to the Dean of the College if the instructor is no longer on campus) requesting a re-evaluation of their performance in the course.
2. Provide the following information in the letter: name and student ID, course number, title, and section; semester and year taken; name of the Instructor and a clear statement of the grade change request and reasons which justify the request.

3.40.3.1 Procedure

1. Faculty members, upon receiving student's request for a grade change, will review their records. If it is determined that a student's request is justified, the faculty member will prepare a Grade Change Authorization Form, with appropriate documentation and submit it to the Dean for authorization. The grade change is forwarded to the Office of the Registrar. A faculty member may not change an F grade to a W grade in those cases in which the student did not follow the proper procedures for withdrawing from the course.
2. The Grade Change Authorization Form should be sent to in a confidential way to the registrar office.

3.41 Transcripts

Official transcripts will be released only with signed authorization of the individual student. Requests for transcripts must be submitted in writing to the Office of the Registrar. The charge for each Official Transcript is SAR 100. Unofficial transcripts may be obtained through NetClassroom.

3.42 Academic Probation

Undergraduate students are placed on academic probation if at the end of any semester their GPA for that semester or their cumulative GPA is below 2.0.

1. 1. Enrollment Conditions while on Academic Probation

While on Academic Probation, students will be restricted to no more than 13 credits of enrollment in a semester until such time as they demonstrate an ability to be successful in coursework. Additional conditions or exceptions to this can be made at the discretion of the student's College Dean or Associate Dean and the Deanship of Student Affairs, Admissions, and Registration in consultation with the student academic adviser/mentor and should be made on the basis of consistent academic achievement.

1. 2. Continuing enrollment while on Academic Probation

A student who is on academic probation is expected to maintain a minimum semester GPA of a 2.0. Students who achieve this threshold will be granted an additional semester of Academic Probation even if their overall GPA remains below a 2.0. Student who continue to achieve the required semester GPA can keep progressing toward their degree even if their CGPA is under 2.0

1. 3. Removal of Academic Probation Status

Students who achieve a minimum 2.0 overall GPA after being placed on Academic Probation will be returned to good academic standing.

3.43 Dismissal Policy

A student will be dismissed from the University in either of the following situations:

1. 1. The student receives a maximum of two consecutive academic probations for having a semester less than 2.00 GPA and a cumulative GPA lower than 2.00 out of 4.00 and did not appeal to the College Council the **Recommendation for Dismissal Letter** sent by the Deanship of Student Affairs, Admissions & Registration or if the College Council and the University Council rejected the appeal.
2. A student fails to complete the graduation requirements within a maximum additional period, equal to one-half of the period determined for his/her graduation in the original program period. The University Council at the recommendation of College Council may make an exception and award the student the opportunity to complete the graduation requirements within an additional period of a maximum duration equal to that specified for graduation.
3. The University Council may make an exception and give students falls under (1) or (2) the opportunity to complete their studies within an additional period of two semesters.

Appeal Process against Dismissal

A student who has been academically dismissed from the University may appeal the decision. That appeal should include explanatory information and any new evidence not previously considered by the College Committee. The appeal for the dismissal must be submitted in writing to the Dean of the College.

3.44 Graduation

A student graduates after successfully completing the graduation requirements according to the degree plan, provided his cumulative GPA is not less than what is specified by the University Council for each major, and in any case is not less than "pass". Following the recommendation of the department council, the college council may determine certain additional courses the student should take to improve his cumulative GPA if he has passed the required courses, but his graduation GPA is not satisfied.

All graduation requirements must be satisfied by the end of the final semester, or the student will be required to register for an additional semester or term. Students requiring additional time to complete a degree will be required to appeal for an extension through the Dean of the College in which they are enrolled. The student must notify the Dean in writing of the necessity to extend enrollment for purposes of graduation and cite reasons for the need. (Notification will be hand delivered and sent by email).

3.45 Hold Policy

Students' records will be placed on "Hold Status" if they incur any type of outstanding obligation (either financial or otherwise) to the university.

Some typical reasons for holds are:

1. Outstanding fees or other unpaid university fees.
2. Outstanding library books and/or fines.
3. Counselling.
4. Outstanding transcripts or documents.
5. Students' records pending disciplinary action.
6. Expired Iqama.

No administrative or academic services ([Netclassroom](#) and [Moodle](#)) will be provided to students on Hold Status until the specific obligations have been met.

Students who have not cleared their "Hold Status" from previous registrations will not be permitted to register again until the hold has been cleared.

3.46 Semester Withdrawal Policy

Students may apply to withdraw from a semester without academic penalty from the first day of classes until the end of the 4th week of the semester according to the published University [Academic Calendar](#) in the respective semester. Students are responsible to meet with their Academic Advisors in a timely manner to discuss the implications and complete the necessary Semester Withdrawal Form. Withdrawn semesters are counted towards the maximum period of completing a Program under the College progression rules. The deadline for submitting a [Semester Withdrawal Form](#) is published University [Academic Calendar](#).

3.45.1 General Guidelines

1. A student cannot withdraw for more than two consecutive semesters or three non-consecutive semesters. Those who do not resume their studies after two consecutive semesters, or three non-consecutive semesters will be **dismissed**.
2. Freshman and AUPP students are not allowed to withdraw the first semester of their enrolment. It will be considered as "cancellation of enrolment" and students will be required to apply for new admissions if they wish to return.
3. Any "**Incomplete**" grade from a previous semester is changed to **fail** if not completed within the required timeframes announced by the College and according to the University policies.
4. Students acknowledge that withdrawal from a semester may impact their ability to complete their studies within the required time frames.
5. Withdrawn semesters are counted towards the maximum period of completing a program under the College progression rules.

6. A student is not eligible to withdraw from a semester if there is an ongoing disciplinary investigation involving him/her.
7. Withdrawal from a semester may affect a student's scholarship status and inquiries should be directed to the Financial Aid Office at the Deanship of Student Affairs, Admissions, and Registration.
8. Student accounts are disabled, returning from a semester withdraw, students are required to file [Resume Study Form](#) available at the University [e-Form](#) system. It is a student's responsibility to check the with the Deanship of Student Affairs, Admissions, and Registration to ensure that the student account is active, and he/she is eligible for the registration before the end of the registration period for the perspective semester.

Introduction

Alfaisal University is committed to meeting its obligation to protect the rights of students with respect to their education records. Education records generally include any personally identifiable records maintained about a student by the institution, including academic, disciplinary, and administrative records. The Student Records Retention Policy is designed to establish procedures to ensure compliance the country and the university governing student education records.

This policy also implements the recommendations of American Association of Collegiate Registrar's and Admissions Officers (AACRAO)'s *Student Records Management: Retention, Disposal, and Archive of Student Records* to ensure industry best practices.

Proper retention of student education records is essential to conducting the business of the institution;

to protecting the legal interests of the institution and students. In addition, the institution is obligated to preserve records when litigation is threatened or pending. For the purposes of efficiency and management of physical and digital storage resources, it is also important that unneeded records be disposed of in a timely manner. This applies to student education records and information resources in all formats, including but not limited to paper records, electronic records, and information management system data.

This policy has been developed to:

1. insure vital academic records retention

It contains information such as biographical data, address data, gender, race, marital status, etc. Student Education Records are associated with student semester records, created each semester the student has a valid enrollment status.

A student record is any record maintained by the institution that contains personally identifiable information. The custodian of a student education record is the Deanship of Student Affairs, Admissions, and Registration. Academic departments may maintain a student academic record for their students. These records may contain additional academic materials (student surveys, graduation requirements, etc.) that should be destroyed when according to the retention schedule. After a student's separation from Alfaisal University (either by graduation or withdrawal), the academic record will be retired to permanent storage according to the retention schedule. Documents that are removed will be destroyed by appropriate means.

4. Persons in compliance with a judicial order or lawfully issued subpoena, provided a reasonable effort is made to notify the student of the order or subpoena prior to compliance. Immediately upon receipt of the order or subpoena, custodians should contact the Vice President of Academic Affairs who will contact Alfaisal University legal counsel.

For more information, contact the Vice President who will contact Alfaisal University legal counsel.

4.8 Electronic Records, E-mail, and Web Records

Records created, managed, and stored in electronic format constitute the majority of information at Alfaisal University. While this Records Retention Policy applies to all records, regardless of format, additional detailed information on the management, storage, and disposition of electronic records will be forthcoming.

4.9 Office Copies and Duplicates

Most records will eventually have multiple copies in several offices and departments at the institution. Please note, there is only one official copy and the custodian in the office holding the official copy is the official custodian. The official custodian is responsible for its retention and possible classification as an archival record. Copies may be kept if they are useful and until the academic need is satisfied. All other copies should be destroyed when no longer needed. Whenever another office is designated as the official custodian of a document, all other offices should consult with the official custodian before destroying records that the custodian is maintaining.

4.10 General Record Retention Rules

1. University personnel are required to check the student record retention schedule before disposing of materials generated during university business.

2. If a particular type of document does not appear to be covered by the schedule, consult with the Deanship of Student Affairs, Admissions, and Registration.
3. Only one copy of a document should be retained, by the party or department responsible for it.
4. Drafts and notes concerning a document should be destroyed unless they are important to documenting official business or an action of the institution, in which case they will be stored with the document.
5. Except as noted in the retention schedule, the retention period runs from the date the record was created or received.
6. In the case of pending or reasonably anticipated litigation, the institution will impose a litigation hold, which will be communicated to all persons whom the institution has reason to believe may be in possession of documents that are either relevant or may lead to the discovery of admissible evidence pertaining to the case. The imposition of a litigation hold means that all retention periods are suspended for applicable documents and no such documents shall be destroyed or altered until notification that the litigation matter has been concluded.
7. E-mails are computerized documents that should be treated like any other record and are subject to the same retention schedule.
8. Documents stored in electronic format should be treated like any other record and are subject to the same document retention schedule.

The terminal treatment of records, either through destruction or permanent storage with the institutional archives.

Legitimate Education Interest

An interest in student records for the purpose of performing stated job duties.

Non-Records

These informational materials possess a solely operational value for the office which holds them and should not be maintained by that office after the active use of them has ceased. Such items may be destroyed at any time when no longer needed by the office that holds them. Examples include:

- All duplicate/convenience copies of “Official Records”

- Information (whether produced by the institution or not) used for reference purposes only
- Notes or working drafts of a completed project (unless they provide more complete information than the final report)

Information reflecting academic, business, and related activities, and transactions. Records may exist in any format (paper, electronic, information management system, photographic, recordings, etc.). - Because the standard meeting lengths are in 50- and 75-minute time blocks, non-standard sections should be offered in multiples of these times to avoid end times that preclude students from registering for courses that may follow the non-standard section.
- All Alfaisal University undergraduate classes must start between 8:00 am to 7:30 PM.

Good Scheduling Practices

- A course should be assigned a classroom which best meets the needs of the class to ensure the best teaching and learning experience for faculty and students.
- Review each classroom schedule to ensure that it is conflict free.
- Draft several student schedule scenarios to ensure that students can register for core courses and general required courses without any overlap.
- If a class is not needed or have low enrollment, kindly cancel it as soon as possible and inform the registrar so that concerned students can be notified in a timely manner.
- Available information regarding current semester enrolments, previous semesters' enrolments, and the number of current students in a course can all be utilized in projecting the upcoming total enrolment for a course.
- Each college is strongly encouraged to plan for a reasonable number of classes that run simultaneously to maximize classes selectivity for students and to better utilize the available resources.

Laboratory and Tutorial

Lab and tutorial schedules must be designed and submitted with course schedules to eliminate unforeseen class overlaps. Lab assignments are prioritized as follows:

- COS approval must be obtained to use a COS lab.
- COE has priority utilization for computer labs (SG.064 and B3.065).
- COM has priority utilization for the computer lab (BG.079); followed by COB and subsequently COE and COS.

Tips for Common Issues

Scheduling issues can be eliminated when detailed reviews are conducted. Below are some common issues and their suggested solutions:

Issue	Solution
Missing course, class, meeting, tutorial, or lab	Review schedule thoroughly before submission and after publication
A class have a lab	submit class and lab schedules
Low enrollment in a class	Merge available sections
Male only or female only class	Specify the course gender if it's for one gender only

8.3 Classroom Reservation

Classrooms can be used for teaching, workshops, seminars, exams, and various other activities. The following are the points to be considered when reserving a classroom:

1. A classroom reservation for any purpose prior to term commencement is not considered until all classes and their required sessions, such as tutorials and labs, are scheduled.
2. A reservation request must be submitted at least one full working day in advance.
3. A request to reserve three classrooms or more must be submitted at least three working days in advance.

Exceptions

All classes are expected to conform to the above requirements. Requests for exceptions are subject to the approval of the dean of the college (or his or her designee) in which the department resides, with final approval of the Vice President and Provost (or his or her designee). Exceptions are specific to the reason for which they are requested and the specific class for which they are approved. Scheduling of a class for which an exception has been approved is subject to classroom availability.

Once approved, an exception will remain in effect until the approved end date. Any change in the nature of the exception or an extension of the end date will require submission of a new request.

Procedure for requesting exceptions

1. The department chair submits the exception request to the dean (or his or her designee) for review and approval.
2. Approved requests are submitted to the Vice President and Provost and must be received no later than two weeks before the final class schedule is due.
